Exhibition Profile

With China's rapid economic growth, it is of strategic importance to develop its natural gas industry. Statistics released by the International Energy Agency (IEA) show that China will demand 200 billion cubic meters of natural gas in 2018, 300 billion in 2020, and up to 500 billion in 2030. China will rank second only to the United States as one of the largest consumers of natural gas. Issued by the National Energy Administration of China, the 12th Five Year Plan for Natural Gas Development specifies tasks including increasing energy supply, accelerating the construction of pipe networks, LNG terminals, and gas storage facilities, and the strengthening of independent scientific and technological innovations. Driven by these national-level policies and booming demand, China's natural gas industry will enter into its "Golden Age" of natural gas development.

The 7th China International Natural Gas Technology & Equipment Exhibition (CING) was held concurrently with the 16th China International Petroleum & Petrochemical Technology and Equipment Exhibition (CIPPE) in Beijing on March 20-23, 2018. This exhibition welcomed over 2,000 exhibitors from 65 countries and regions, 46 exhibitors from the top 500 enterprises, 18 international pavilions, and 80,000 professional visitors. The exhibition achieved in reaching the capacity of the exhibition floor space of nearly 100,000 square meters.

Some of the 18 national pavilions included the participation of the United States, Germany, Great Britain, France, Canada, Denmark, Italy, Russia, Korea, and the Netherlands. CING has cooperated with the top 10 world companies in the oil and gas industry which include Rosneft Oil, Gazprom, ExxonMobil, BP, Total, Saudi Aramco, Qatar Petroleum, Statoil ASA, Shell, and Schlumberger. Top domestic companies in the natural gas industry such as CNPC Kunlun Energy, SINOPEC, CNOOC, SINOCHEN, CHEMCHINA, CSSC, CSIC, CIMC, Xinxing Energy Equipment, Luxi, Endurance, Jereh, JAT-CVA, and SANY have also cooperated with CING, . With all these corporations and relevant organizations collaborating together, the era of natural gas development in China is approaching.

The 9th China International Natural Gas Technology & Equipment Exhibition (CING) attracted thousands of international and domestic media outlets. Among these news media agencies were Xinhua News Agency, People's Daily, CCTV, China Daily, CHINA PETROLEUM DAILY, CHINA PETROCHEMICAL NEWS, Upstream, World Oils, Oil and Gas Australia, TB Petroleum, China Securities Journal, Shanghai Securities News, CHINA BUSINESS NEWS, The Wall Street Journal, Xinhua net, SINA, and SOHU and People.
